Finally, in desperation, I asked God to help me. I was terrified of dying all alone and completely hopeless. I came to the realization that I threw everything away when I gave myself to drugs.

That's when I called Teen Challenge. I came through the doors a broken man, but as I listened to the Godly counsel and teaching, the Lord began to work in me. My life, values, and outlook on life began to change. Twelve months later I graduated a new man!

At Teen Challenge, I learned how to passionately serve my Heavenly Father and have an obedient heart to follow God's purpose for my life. For me, Teen Challenge was the help I needed to break free from my addictions and find a new start in life.

Now I'm in my second year at Bible College and getting married soon! Thanks be to the Lord for giving me a brand new start in life.

Some addicts need a sign from God before they quit. It often looks like this.

TEEN CHALLENGE
The Proven Cure For The Drug Epidemic

BEN'S STORY

I began to
experiment with
drugs and alcohol
when I was only
15-years-old.
I wanted to fit in
with the "cool"
kids at school - kids who,
like me, were frustrated with
their family life and wanted only
to have fun. Through my new
"friends", I found the love and
acceptance I desired - I finally felt
like I "belonged".

At first I only wanted to smoke cigarettes,

but soon my craving for nicotine turned into an obsession for marijuana and the feeling it gave me when I was high. Every bad feeling or problem I had would

just "disappear". More and more I became fixated on drugs and the next time I could get high. It wasn't long before I started working as a drug runner for big-name drug dealers. My life was going nowhere; I was on a dead end street.

The stats: Over 70% of our graduates never return to drugs or alcohol again!
